

door + window coverings

## Pleated Shades

# Pleated Shades

## FOR DOORS + WINDOWS

Fabric pleated shades help create an elegant and beautiful living space. These soft yet durable door and window coverings are available in a wide range of fabrics for the perfect amount of natural light and privacy for every room.

Ideal for doors and windows, single and dual operation pleated shades can be installed on tilt + turn doors and windows, swing doors, and picture windows. With various mounting options, the doors and windows can easily tilt or open even when the blinds are closed.

## Single Operation

Single operation pleated shades are fixed at the top and free hanging at the bottom. Only the bottom of the shade moves up and down. Single operation shades are cord operated.

## Dual Operation

Dual operation pleated shades can be moved from the top down or from the bottom up. A tab at the top and bottom of the shade lets you adjust the shade to any position to easily and accurately control lighting and privacy.

## Design Options

### Colors

Pleated shades are available in 300+ color choices from classic neutrals to dramatic bolds.

### Fabrics

Select from dozens of fabric designs from sheer for maximum natural light to opaque for maximum privacy.

### Mounting Frames

The mounting frames are available with your choice of four distinct finishes: silver, white, bronze, and black.

### Honeycomb Design

Pleated shades are also available in the popular honeycomb design.

### Mounting

Available with a variety of mounting options, including: between the glazing beads (BTB), face mounted (FM) to the window, door or wall, and ceiling mounted (CM).
