

retractable screens for doors + windows

Retractable Screens

A detailed illustration of a retractable screen system. A hand is shown pulling a vertical handle on the right side of the screen, which is partially retracted into a housing. The screen is made of a fine mesh and is held in place by a metal frame. The housing is made of a light-colored material, possibly aluminum, and has a smooth, curved design. The background is a light blue gradient.

Retractable Screens **FOR DOORS + WINDOWS**

Durable, easy to operate and low maintenance retractable screens are available for your Innotech doors and windows. Easy to open and close, they provide maximum visibility and ventilation. The screens are made with commercial-grade, powder coated aluminum to ensure

a lightweight yet strong screen system. Each screen is custom fitted for your Innotech doors and windows to guarantee a perfect fit for optimal beauty and functionality.

Retractable Screens for Doors + Windows

Stainless Steel Fasteners

All fasteners are made with high-grade stainless steel. Screens are easy to remove for cleaning and easy to replace if required.

Quiet and Smooth Glide Operation

Glide rails are engineered for smooth opening and closing, every time!

No Sill Adapters Required

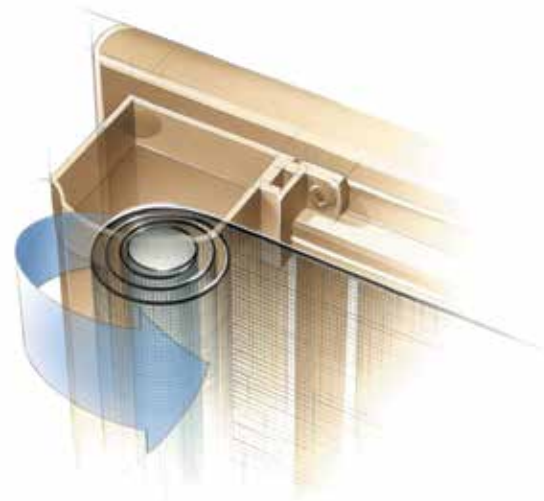

Innotech screens fit perfectly with Innotech doors and windows. No door sill adapters are required, creating a seamless transition.

Flush Mount Handles

Interior handles are set within the frame for a minimalistic design, while exterior easy-push handles offer effortless operation.

Additional Durability Features

- + Pull bar caps ribbed for reinforcement
- + Housing caps and handle have color-matched plugs
- + Housing end caps are sealed to protect internal mechanisms
- + All nylon parts are UV radiation protected

Choose Your Frame

Select your frame color and screen mesh type for the right retractable screen for every door and window in your home. They are available in 4 standard frame colors and 3 different screen mesh types.

Choose Your Frame Color

Colors shown are approximate. Please ask an Innotech representative for color samples for an accurate color selection.

Choose Your Screen Type

Standard Durable

Innotech retractable screens for doors and windows come with a durable screen mesh designed to provide maximum ventilation and visibility. Screens for doors are stiffened for extra strength. Available in charcoal.

Pet Claw Resistant

Made with a polyester weave, claw resistant screens protect against tears for pet friendly homes. Available in charcoal.

Tiny Insect Resistant

Tightly woven screens for enhanced protection against no-see-ums and other tiny insects. Available in charcoal.
